 - A parent requested a daily log of aftercare time-in and time-out. This level of reporting is not currently available and would require a vendor to build a program. Way forward is to follow-up with the family and explain the aftercare program and billing process. If additional families raise similar questions, MSH will investigate the possibility of creating a daily log.
 - Early closure due to snow storm on Friday, January 11 was well received by the families and pick-up went well.
- Pastor's Report
 - N/A
- Principal's Report
 - 15 of our 20 eighth graders will be leaving for Wednesday evening for Washington, D.C. with Generation Life to attend the Pro-Life March. This year Miss Kiplinger will be accompanying them at the 8th grade liaison. There are also 8th grade parents accompanying them as chaperones and additional helpers.
 - Catholic Schools Week is fast approaching. We will begin with Open House on Sunday, January 27th. Our Marketing Committee is looking for parent volunteers to be in each classroom to help with the distribution of "yarn" that the students will be collecting as they tour the school. Since the teachers are speaking with new families, it would be helpful to have volunteer adults in each classroom.
 - The 2019-2020 School Calendar input will be requested at Monday's meeting.
 - Our new HVAC system installation is moving along nicely. The new system will be so efficient and will cool the building so much better. Tom Walsh is working closely with the installers and there has been minimal disruption to the school day.
 - We are ready for our School Improvement Visit Thursday, February 28th and Friday, March 1st. I have attended an Orientation Meeting and given our School Improvement Plan to the Visiting Team. School Board members will have access to the SIP and your help during the Visit would be appreciated.
